Seattle College

General Information

Seattle College, under the direction and control of the Fathers of the Society of Jesus, was opened in the city of Seattle in the year 1892, for the reception of day-scholars, and was formally chartered in October, 1898, by the Legislature of the State of Washington with power and authority to confer degrees and academic honors.

The system here adopted is that followed in all Jesuit colleges, and is guided by the principles laid down in the Ratio Studiorum. It is one of the decided advantages that the student may begin his preparatory studies and then pass on through the college course to graduation in the same institution. The course is graded to secure the continuous and normal development of the mental faculties along well-defined lines.

The Jesuit system of education aims at developing side by side the moral and intellectual faculties of the student co-ordinated in proportion to their relative importance, and sending forth to the world men of sound judgment, acute intellect, and upright and manly character. It does not share the illusion of those who imagine that knowledge and intellectual development can exercise of themselves a morally elevating influence. It is only by imparting a clear, definite and full knowledge of man's immortal destiny, and by the practice of the duties of religion which this knowledge entails, that the human heart is purified and the will guided and sustained.

Religion is a vital part of true education and of the training of youth during those years when the human soul is as wax to receive impressions, and even as the hardest granite to retain them. To exclude religion is to cut off the child from

the deepest springs of its moral and intellectual life, to separate the sciences from the fundamental science, the knowledge of God, and to deprive national order of that supreme sanction which invests it with the dignity of divine authority.

In a word, then, the purpose of Jesuit teaching is to lay a foundation broad and deep upon which the future structure of civil and religious life may securely rest.

Course of Studies

The course of studies pursued offers every facility for a classical and commercial education. It includes four departments:

The College, which furnishes the usual four-year course of studies leading to the degree of Bachelor of Arts, embraces the Senior, Junior, Sophomore and Freshman classes. The instruction consists in a systematic study of the English, Latin and Greek Languages and Literatures, Higher Mathematics, Natural Sciences, History, and an advanced course in religious instruction. The last year is devoted to the study of Philosophy, mental and moral.

The Academic or High School Department furnishes a three years' course, so graded as to form a preparation for the College course.

The Commercial Department affords facilities for a thorough training in all the branches of a complete business education.

The Preparatory or Grammar School Department is intended for younger students who are not yet prepared to enter the higher courses.

The study of **French** and **German** is optional and entails no extra charge.

The College offers facilities for the study of **Music**, vocal and **instrumental**.

All students who are able to sing are expected to take part in the regular singing practice.

General Regulations

ADMISSION.

No student will be admitted to the College who does not reside with his parents or immediate relatives, or, if this is impossible, with persons duly approved by the President of the College. Those who come from other institutions must show certificate of honorable dismission.

Candidates for admission to higher classes must pass the entrance examination, and an examination on subjects previously studied by the class they propose to enter.

Students are admitted to the Second Preparatory class who have reached the age of eight years, are acquainted with the elements of grammar and know their arithmetic as far as long division.

WITHDRAWAL.

Parents who wish to withdraw their sons before the end of the school year are respectfully requested to give due notice of their intention to the Prefect of Studies. Many inconveniences will be thus avoided and order secured. On leaving, students should take their books, etc., with them, as the College is not responsible for any articles left behind.

TERMS.

N.B. The charge for tuition is forty dollars per session of ten months in the Preparatory Course, and sixty dollars in the College Course. Payments should be made in advance.

An additional fee of One Dollar per month is charged in all the classes where branches of the Commercial Course are taught.

Laboratory works entails an extra charge of Five Dollars per term.

Instrumental music and private training in vocal music, for which special arrangements must be made with the Prefect of Studies, entail an extra charge of Fifty Cents per lesson of one-half hour.

Marks, Testimonials Prizes and Promotions

MARKS.

The student's proficiency and rank are determined according to the following scale:

VERY GOOD	90-100
GOOD	80- 90
SATISFACTORY	65- 80
DEFICIENT	50- 65
UNSATISFACTORY	Below 50

TESTIMONIALS.

Testimonials of good conduct and diligence are given monthly to deserving students. A First Testimonial is awarded to a student whose weekly marks are from 90 to 100. The next Good entitles to a Second Testimonial. Parents should require these evidences of good behavior and faithful application to study, and if not forthcoming, take an early opportunity of visiting the Prefect of Studies to inquire why their sons fail to receive merit cards.

PRIZES.

Prizes and honors are awarded at the closing exercises.

The following are the four points from which class honors are determined:

- I. For the first term, the average percentage obtained in weekly competitions.

II. The average percentage obtained in the written examinations before February 1st.

III. The average percentage of weekly competitions attained in the second term.

IV. The average percentage of the written examinations in June. Each counts one-quarter.

Students coming after the formal opening of school or failing to secure each of the above four points are, conformably to College regulations, excluded from competition for class honors.

PROMOTION.

The Average Note "**Satisfactory**" is required for promotion.

Christian Doctrine, English, Latin, Greek and Mathematics are considered the primary studies.

The Note "**Unsatisfactory**" in any of the primary studies prevents the student's promotion, unless compensated by the Note "**Good**" in one of the other primary studies.

The Note "**Unsatisfactory**" in two primary branches prevents the student's promotion absolutely.

The Note "**Deficient**" in two primary branches has the force of one unsatisfactory note.

Special Regulations

HOME STUDY.

The attention of students and parents is specially directed to the important duty of **home study**. Since recitations in the various branches fill up almost all the school hours, it is very difficult to advance, and utterly impossible to accomplish the work laid out for each year, unless the student devotes at least **two hours daily** to class study **at home**. Parents are exhorted to insist on this indispensable duty, and to inform the faculty, should their sons neglect it.

PUNCTUALITY.

After home study the next duty which should claim the attention of students and the vigilance of parents is **punctuality**. Severe illness or absence from the city is, generally speaking, the only excuse admissible for staying away. Whenever parents keep their sons at home, on account of sickness or for any other good reason, they are requested to **send a postal card to the Vice-President**. Frequent absence so rapidly lowers a student's class standing that the faculty prefer he should be withdrawn entirely.

ATTENDANCE THE WHOLE DAY.

Owing, moreover, to the serious inconvenience resulting to professors and students from breaking in on class hours by withdrawals before the end of the afternoon class, permission to leave College will not be given, unless for reasons deemed imperative by the Vice-President.

If parents do not insist on home study and punctual attendance, or allow other work detrimental to studies, they need not be astonished if their sons remain a second year in the same class, or perhaps, be refused readmission.

POLITENESS.

Along with moral and mental training, the faculty lay great stress on the development of gentlemanly manners, and consider the rules of politeness a very important part of the course of studies. Whatever, therefore, is contrary to good breeding, is out of place in College. Consequently, no boisterous conduct or rough play is tolerated on the premises, and silence is strictly enjoined in the class rooms and on the corridors or on stairways leading thereto. Any ungentlemanly conduct among the students themselves, or any disrespect or insubordination to a professor or officer of the College, will be visited with condign punishment, and even with dismissal should the gravity of the offense require such a penalty.

PENALTIES.

For faults of ordinary occurrence, such as tardy arrival, failure in exercises or recitations, slight violations of rules, detention after class, or the task of writing or memorizing some lines from some author, is deemed a sufficient penalty.

For faults committed outside of the premises, the officers of the College are by no means responsible, as students cease, then, to be under their jurisdiction; still, should any serious charge be fairly substantiated, the guilty will be punished according to the gravity of the offense.

Damages to the College property will be repaired at the expense of the offender.

The use of profane language will not be tolerated, and anything bordering on immorality will expose the offender to immediate expulsion.

WEEKLY MARKS.

Once a week the marks of all the students are read out in the classes. These marks are the record of daily lessons, exercises, conduct and weekly competitions.

MONTHLY REPORTS.

A report of these marks is sent every month to the home of every student to be signed by his parents or guardians. As these reports indicate exactly the student's class standing, the College requests that they be very carefully examined, signed and afterwards returned to the Professor. **Should these reports not be forthcoming, parents or guardians should consult the Vice-President as soon as possible.**

TARDINESS.

The College is open at 8:15 A. M. All are obliged to be present at 8:30 A. M., at which hour they go to church for Mass. Class begins precisely at 9 o'clock. A student arriving after 9 o'clock must report at once to the Vice-President, and cannot enter class without a note from him.

WRITTEN EXCUSES FOR LESSONS.

Written excuses for lessons or exercises fall under the same rule as notes for absence; a student not prepared to recite is considered as morally absent, and is marked accordingly. Such excuses are to be handed to the Prefect of Studies, who will decide whether, in some special instance, they are to be admitted.

RECREATION.

Saturday is the weekly holiday.

DRESS.

All are expected to be clean and neat in person and apparel.

To meet this demand a **Commercial Course** has been introduced, which, besides the ordinary branches, embraces the study of **bookkeeping, shorthand and typewriting.**

Special Course of Philosophy

At the request of a number of former students a special course of Philosophy has lately been added to the curriculum of studies. Its object is to give to young men who have finished their college course an opportunity of reviewing their philosophical studies and to afford to more advanced students a means of becoming acquainted with the principles and methods of Catholic Philosophy.

The text used is Coppens', S. J., Mental and Moral Philosophy, with reference readings from The Elements of Philosophy and General Metaphysics and Ethics, Hill, S. J.

Stonyhurst Series of Catholic Philosophy.

The lectures are given weekly on Friday evening at 8 o'clock.

Acknowledgements

The College authorities wish to express their grateful recognition of the moral and material support accorded by many generous friends. Special thanks are due the following:

For various donations:

Mr. J. T. Heffernan, a complete set of surveying instruments; Lowman & Hanford, an office desk and chair; the Bon Marche, two rugs for parlors; Mr. W. Russell, a new altar; Mr. W. B. Phillips, a statue of the Blessed Virgin; Mrs. M. Concannon, a statue of St. Joseph; the class of Philosophy, an office desk.

Many other friends, who have generously helped to replace or repair articles damaged or destroyed by the recent fire.

For aid toward the successful presentation of "King Saul": Messrs. Russell & Drew, the various advertising firms who patronized the play.

The local press: The Post-Intelligencer, The Daily Times, The Catholic Northwest-Progress, for many favors.

For one annual scholarship: The Seattle Association of Jesuit Alumni.

For four competitive scholarships: *Hobermans* Members of A. O. H. in Seattle.

For annual scholarships: "A Friend," Mr. Bookmyer, Mrs. T. McDonough.

The faculty and the students of the College feel it to be their duty to express their heartfelt thanks to the members of the different divisions of the A. O. H. in the city for their generous efforts in behalf of the projected gymnasium and hall, as well as to the many staunch friends of the institution who have either given or promised substantial contributions towards the same end.

Note.—The friends of the College are respectfully reminded of the good and honorable work of founding prizes and scholarships. Such foundations would stimulate young men to greater ardor for serious study; and, while showing the public spirit and zeal of the founders for education, would enable the College to bestow higher rewards on successful exertions.
